

CORNWALL EDUCATION & SKILLS FESTIVAL

Wed 08 Jul 2026

High-impact, evidence-informed
CPD for all educators in Cornwall
Truro & Penwith College, Truro Campus

Scan the code to book your place

Cornwall's first county-wide Education and Skills Festival, hosted by Truro and Penwith College and delivered in partnership with EEF.

This is about something bigger than a conference. Cornwall's geography and rurality mean that too often, accessing high-quality CPD involves long travel times and significant cost. We want to change that.

This Festival will bring together educators from primary, secondary and Further Education, alongside colleagues in SEND, apprenticeships, skills and careers, for a day of:

High-quality, bite-size, evidence-informed CPD

Cross-phase collaboration

Practical strategies that translate into real classrooms

A celebration of the excellent practice already happening across the county

The strands running throughout the day:

- Digital Technology
- SEND & Inclusion
- Disadvantage & Social Mobility
- Teaching, Learning & Curriculum
- Apprenticeships, Skills & Careers

This is a genuine opportunity to shape a new, collaborative professional learning space for Cornwall - and to showcase the strength of practice across our education system.

Let's make this something Cornwall is proud of.
